- Get your Euros. You can use your debit card which is more convenient but you face a £1 per transaction charge, we normally divide the cash up into envelopes, i.e. hotel, laps, food, cool Nurburgring things etc
- Padlock for your case for during the days when it is at the hotel
- Ferry ticket confirmation reference form printed out
- Hotels booked, you have paper copy of addresses and telephone numbers

I personally have a folder to take with me which includes all paperwork / documents. It's then all in one easy to get to place. Work out a few days before what you want to take and how it's all going to fit in your car and pack the car the night before rather than panic at 2 in the morning when it does not fit!
